

Read&Write for Google Chrome™ in Canvas

Quick Reference Guide 09.20

Tool	Symbol	How it works
Text to Speech		<p>Reads accessible text aloud with dual color highlighting and natural-sounding voices.</p> <p>Highlight some text and click the Play button.</p>
Prediction		<p>Provides word suggestions as you type in places such as Discussions and Assignments. Develops writing skills and helps construct error-free sentences more easily.</p> <p>Hover over word suggestions to hear aloud. Click on a word or click Ctrl + the number next to the word you'd like to insert.</p>
Talking Dictionary		<p>Provides definitions to improve comprehension and writing. Definitions can even be read aloud.</p> <p>Highlight a word and click the Dictionary to get a definition.</p>
Picture Dictionary		<p>Displays images from Widgit® Symbols to help support fluency and understanding.</p> <p>Highlight a word and click the Picture Dictionary to see an image.</p>
Screenshot Reader		<p>Converts inaccessible text to accessible text through OCR.</p> <p>Click the icon and then drag your mouse to draw a rectangle around any inaccessible text to OCR it on demand.</p>
Audio Maker		<p>Converts selected text into an audio file, e.g. MP3, which will be automatically downloaded and can then be saved or shared.</p>
Web Search		<p>Helps with research by doing a Google search for relevant information on a topic.</p> <p>Highlight a word or phrase and click the icon, and a Google search will open in a new tab.</p>

Screen Masking		<p>Tints your screen and provides a reading light that follows your mouse pointer, to help improve focus.</p> <p>Customize color, opacity and other settings from the options menu.</p>  <p>Use the floating control box for easy access to options or to turn this feature off.</p>
Talk&Type		<p>Turns the spoken word into text by dictating into a microphone. Can be used in places such as Discussions and Assignments.</p>
Translator		<p>Allows single words to be translated, and spoken aloud for those languages with a corresponding voice.</p> <p>Translation language can be selected in the Options menu.</p>
Highlights & Erase Highlights		<p>Allows users to highlight and color code sections of text on a page, to facilitate summarizing, categorizing and higher order skills.</p> <p>Erase highlights from a page when you are done with them, by selecting highlights and clicking the icon.</p>
Collect Highlights		<p>Collects your highlights into a new document.</p> <p>Click on the icon and select which colors to collect, as well as how to sort them.</p>
Vocabulary List Builder		<p>Builds vocabulary lists in a document, including selected words, dictionary definitions, images from Widgit Symbols, and an editable notes column.</p> <p>Use colored Highlights to select words, then click the icon to create vocabulary list in the new document.</p>
Practice Reading Aloud		<p>Allows students to practice and record themselves reading selected text, use support tools, listen to their recording, and send to their teacher for feedback.</p>
More Menu		<p>Access options to customize speech, prediction, screen masking, language, toolbar features and account settings. Also includes links to get support, leave feedback, and more.</p>
